### MONDAY MORNING, NOV. 12.

### RIVER AND STEAMBOAT NEWS. THE RIVER was still rising yesterday evening, having risen about three feet during the previous forty-eight hours. There will be about

twelve feet on Harpeth Shoals this morning. Business at the wharf on Saturday was very brisk. It does a man good to take a stroll along in the practice of the higher branches of the he wharf at such a time as this, to see the life and animation a tide inspires in every body, diseases which other physicians could not even the loungers, for they wear a smile.

THE WEATHER Saturday and yesterday was warm and pleasant. Yesterday about noon we had a light shower of rain, and in the evening there were favorable indications of still more quite a number of applications from the afflict-

New Boat - Cant. Shaw's new boat Blanche Lewis, commanded by Jas. Leg, made her first appearance at our wharf Saturday night. She was built expressly for the Cumberland River trade, and merchants and shippers will find her was able. Many instances of mal-practice, coma staunch craft, and passengers will be greeted mitted by you in this city, having been brought to cabin, while the boat is admirably suited to all and others and knowing the fact that you are restages of water, as she draws only fourteen Medical Society on the European or American coninches light. No essential change has taken place in the market for either hogs or cattle since our last. The only sale of hoge we heard of was 800 head, at \$6.50 net, for delivery this month—this is the outside rate obtainable for early delivery, and even at this figure buyers are not auxious to operate, and the market must be quite dull at \$6:25a6:50 net. November and December delivery Holders, however, ask \$6:50a6:75, and in some cases \$7.

The market for Beef Cattle is rather easier though not quotably lower. We heard of a sale of 100 head, weighing from 575 to 600 lbs., at \$6:50 per cwt. net. Good cattle, averaging 700 lbs., are worth \$7:00a7:25 net. Quite a large num-

### A Scoundrel Exposed.

Some months since, a man passing under the name of Thos. H. Greenhough, with M. D. attached, came to this city from New Orleans, professedly to spend the summer months here medical profession-in short, professing to cure cure. He advertised extensively in the city papers, and in papers of this and adjoining States, holding himself up as the greatest living physician. The consequence was he had ed, from all of whom he required a retaining fee-notwithstanding his profession of "no cure, no pay"-and this fee varied in amount according to the nature of the diseases and the length of time the patient had been suffering, and the credulity and gullability of his victim. By the time the duped discovered that his medicines were doing them no good whatever, our modern Escalapius, having his purse well filled from his "practice," very suddenly discovered that his services were required elsewhere, and as suddenly left, having, during his stay here, paid no bill that he could avoid paying. Our brethren of the press, ourselves among the number, of whom he was a liberal patron, having a vivid recollection of this

This is not an isolated case; it has done the same for many others, as the following ertificates abundantly prove.

> Prof. O. J. Wood-Dear Sir: Unsolicited I send you this certificate. After being nearly baid for a long time, and having tried all the hair restoratives extant, and having no faith in any, I was induced, on hearing of yours, to give it a trial. I placed myself in the hands of a barber and had my head rubbed with a good stiff brush, and the Restorative then applied and well rubbed in till the scalp was all a glow. This I repeated every morning, and in three weeks the using hair appeared, and grew rapidly from August last up to the present time, and is now black, thick and strong soft and pleasant to the touch, whereas before it was harsh and wiry, what little there was of it, and that little was disappearing very rapidly. I still use your Restorative about twice a week, and shall soon have a good and perfect crop of hair. Now I have read of these things—and who has not?—but have never hitherto seen any case in which any person's hair was really benefitted by the aid of the hair nics, &c., of the day; and it really gives me pleasure cord the result of my experience. I have recommende your preparation to others, and it already has a large and reneral sale throughout the Territory. The people here saw is effects and have confidence in it. All who have used it ere will coincide with me in what I have writ here will concain with me in what I have written. The supply you sent us as the wholesale agents of the Territory is aircasty exhausted, and daily inquiries are made for it.—You deserve credit for your discovery. I, for one, return you my thanks for the benefit it has done me, for I certainly ad despaired long, long ago of ever effecting any such re-ult, I congratulate you that your fortune (and a large one) is already made.

Yours, hastily,

Bacogroup, Jan. 19, 1855.

Cast.ves, Ill., June 27, 1853. I have used Prof. O. J. Wood's Hair restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his Restorative, it has resumed its original color, and I have no doubt Ex-Senator United States. permanently so.

Prof. Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching, with which I have been troubled from childhood, and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure and profit. Yours, truly,

J. K. BEAGG.

Dear Sir: I am doing an extensive travel in the Western and Southwestern States, as General Agent for Adams' American Liniment, and would be gied if you would favor me with a consignment of Fro. Wood's Hair Restorative, as I feel assured that I can introduce it in many places where it is not known, as my own head is a living testimony of its valuable properties, in restoring hair to its natural color.—

I am forty years old, and my hair was almost white, but after using three half-pint buttles, my hair is as heavilful aubitra as it was at eighteen, and much improved in appearance, and I would not be without a bottle on hand for the price of ten. I should be giad so attend to any master that is connected with the Hair Restorative. I have been for thereteen years engaged in the same business and will be giad to hear from you seen. My address is Paris, Tenn.

Yery respectfully,

WM. B. BROOME. 114 Market st., St. Louis, Mo., March S, 1555.
